**ST. LOUIS-MERAMEC CANOE COMPANY**  
VALLEY PARK, [ST. LOUIS COUNTY] MO.

### MERACO SPECIAL

¶The craving many of us have for sporty lines and snappy appearance that set a canoe apart from the regular run is embodied in this *Arrowhead* MERACO SPECIAL. Its richness of finish is canoe deep.

¶Built with outside stems and half ribs. 30" decks, with coaming, Seats, Thwarts, and Gunwales finished in selected mahogany. This canoe furnished with rub rails and nickle plated bang plates add much to its sporty appearance.

### ARROWHEAD CANOES

### THE GASCONADE

¶Comfort and style stand out from every line of this sturdy *Arrowhead* GASCONADE MODEL. A *Lifetime* of beautiful service. We cannot build a finer canoe combining the features of a yacht with the grace and handling ease of the smaller craft. ¶The GASCONADE is stamped with individuality. Beautifully finished in selected mahogany.

¶Built with outside stems and half ribs. *Any color desired.*

¶This style also built in our MERAMAC and OSAGE models.

¶All ARROWHEAD CANOES are made of selected Maine and Oregon cedars and built by expert Maine and Canadian canoe builders. They have wide, flat bottoms and are the safest and strongest canoe built. Particularly adapted for western streams and lakes.

¶Our factory located in the central part of the United States relieves enormous freight and express rates and insures quicker deliveries.

## THE OUTBOARD WONDER

¶For the *Outboard Motor* enthusiast this *Arrowhead* SQUARE STERN CANOE has been especially designed. Built for comfort Speed and hard usage.

¶Fitted with Sponsons, Outside Stem and Half Ribs. Deck with coaming, outside gunwales and motor support are of hardwood. Inside gunwales and seats of selected spruce.

¶Approximate weight with sponsons 185 lbs.
